Rare Comics Used to Create

Paper Mache Sculpture!

It's [Comic Con](#) Week in southern CA (San Diego) and what a fun, freaky frenzy of a show it is with all of the passionate comic related people out in full force!

Films, Comic Books, Games There is definitely something for everyone as new comic-related ideas are showcased and new bonds and relationships are formed. The stories coming out of the adventure are what keep [us](#) interested. [That, and the fact that many [animated film makers](#) and [wargamers](#) tell us they use lots of our [super glue](#) to do their creative thing!!]
