Make Your Own Smart Cover For IPAD

Well, once again, the latest, coolest trend from 6 months ago is now dated and “old school”; something newer and cooler has hit stores! In this case, it’s the Ipad 2 ... replacing its predecessor, the Ipad 1, but guess what? Using a little super glue and some magnets – you can upgrade your old Ipad with the latest smart cover!

Word!

How clever is this? A Scrabble Tile Ring!

You can make your own monogrammed, scrabble tile ring in seconds! According to The Girl With The Green Glass Heart blog here’s all you need:

- A plain stainless steel ring
- A scrabble tile
- A tube of [superglue](#)

Model Mania

In an age where computers, televisions, ipads, ipods, and extreme technology seem to rule it is interesting to note how many hobbyists are still hard at work building scale models in their spare time. We hear from all kinds of model builders, including scale model builders, who use our [glues](#) and [cyanoacrylates](#) to recreate accurate model replicas of airplanes, trains, cars, trucks, buildings, dioramas, ships, wargames (real and fictional) and more.
