Super Glue Corporation News: August 2010

Copper-Bond Alternative To Solder!

Installing and/or repairing big items in your home, like bathtubs, can be difficult and cumbersome. More often than not situations arise where you are unable to use traditional methods due to constrictions such as time, and space. This is what happened to our customer, J.M. ... Here's his story:

"To Whom It May Concern, I want to say thanks so much for your Copper-Bond product. It really saved me a lot of heartache, when I inadvertently missed a copper sweat fitting (the fitting holding the tub spout copper pipe) located behind my new tub surround..."

Not sure about you, but we were into Comic Con last week! Follow on Twitter [@comic_con](#). Comic adventures and characters are so much fun and they are streaming to us in many more ways than the traditional comic book, cartoon, and comic strips some of us first began following. Several expanded comic-centered media and art forms exist today including video games, feature films, [graphic novels](#), tattoos, 3D, and [anime/manga](#) (“whimsical pictures featuring exaggerated physical features such as large eyes, big hair, and elongated limbs”), but at the core comic themes remain true to their roots.

Country Music’s Sugarland releasing “Stuck Like Glue”!

According to the [AOL Radio Blog](#) (and the Country Radio Stations this blogger likes to listen to) Sugarland is coming out with a new single soon titled, “Stuck Like Glue”! We like it, we love it, go Sugarland! We can relate to that title!

How Do You Use Super Glue?

We love hearing from consumers of our products. Many people write in and tell us their stories about how they use [Super Glue Corporation](#) products. This information is very important to us. We track this valuable information and use it in our research and development process.

We are particularly impressed that our loyal customers are so honest and forthcoming with their tips ... we also like that satisfied consumers tend to spread the great news about our products ... we know that word of mouth advertising is the very best thing in the world and we appreciate every bit we get! Here's some of the interesting feedback we recently received:

1. N.Y. states: *"I use it on my **models, cars and trucks** where the model glue won't work, your stuff does awesome wonders ..."*

Prize Winning Piggy (Bank)!

A special thank you to [Future Glue\(R\)](#) fan, Denise C. and her son Trevor, for [sharing their super glue story with us!](#)

Denise wrote in to tell us that they use our products for everything from "school crafts to broken items" She then went on to tell us about their prize winning entry into their school's recycling contest
