Here's a challenge for those of you living in cold country! Try preserving a real snowflake! Apparently, according to a blog post by David Pescovitz, "Icelandic chemist Tryggvi Emilsson came up with a way to "preserve" the structure of snowflakes using superglue and microscope slides. The snowflake seen here has been stored in Emilsson's desk since 1979." We'd love to hear from you if you can recreate this amazing feat!

Reindeer Craft Idea

Looking for last minute craft projects to keep the kids (relatives and houseguests, too:) happy and busy during these final days before Christmas?

Here's a terrific idea that is fun for everyone to make and really useful, too!

Charming Reindeer

They can be attached to large, or small, Christmas trees and used as ornaments or tied on gifts as package toppers!

Extreme Gift Idea May Launch Passionate New Hobby!

Looking for an extreme gift idea for your creative engineer this holiday season? How about this? Wrap up a radio control, scale, model airplane kit for your loved one (age 10 – 100) to design, construct, and fine-tune during the cold, winter months. Include an airplane ticket or two, with accomodations, to the Top Gun “Invitation Only” competition in sunny Lakeland, Florida April 28 – May 2, 2010. There you, and your lucky gift recipient, will witness the best in class in model aviation.

TOY Cupcakes

Check out these incredibly beautiful TOY Cupcakes!!! The blog author (Pyrrha) created these amazing pretend treats for (we assume) her child's kindergarten class to use in their play kitchen! There are more up-close photos on the blog and she also describes, in detail, how to make the cupcakes. We were amazed at how much [super glue](#) was used in creating these masterpieces!”

Reuse Old CDs Using Super Glue & Lights!

How much fun is this clever creation? We found this great idea on Rob's World Blog. He recycled old cds into this beautiful Christmas decoration! All it took was cds, [super glue](#), and some Christmas lights. Trendy and earth friendly ... now that's the spirit!

Miracle "Super Glue" Used To Save Sick Child's Life

In an amazing report by MSNBC news, on December 3rd, doctors are reporting that a special form of [super glue](#) is being used to treat a formerly life threatening brain condition. The condition causes blood vessels, veins, and arteries to leak causing swelling on the brain. The revolutionary super glue is used to plug the leaks. According to the report, fifty children have already been treated and "cured" by this special super glue.
