Super Glue Corporation News: January 2013

Happy New Year!

Super Glue Corporation wishes you and your family a happy and healthy 2013!

Using Threadlocker? Here's A Tip!

Ok, so sometimes the simplest tips are THE BEST! Check this one out from [2BrothersHobby!](#) They recommend using [Pacer's Z-42 Threadlocker](#) to secure these bolts and screws on their Hansa-Brandenburg ARF seaplane!

In This Issue:

- Happy New Year!
- Using Threadlocker? Here's A Tip!
- Science Fair Project Idea: Contact Cement vs. Substrates
- ZAP A GAP for Go Bags!
- Lego Storage Transforms into Wall Art!!

Science Fair Project Idea: Contact Cement vs. Substrates

Hey, Science Fair Enthusiasts! Check out this great video. It shows you just how easy it is to test for strength of glues. Imagine using this system to do some product comparisons between The Original [Super Glue \(R\) Contact Cement](#) and some of our competitors, or maybe you would prefer to compare the strength of contact cements against other types of glues like cyanoacrylates (super glue), white glues, and epoxies.

ZAP A GAP for Go Bags!

[Zap-A-Gap](#) is a terrific super glue product. Model-makers and woodworkers love it for bonding and mending. It dries quickly and has amazing strength.

Go Bags are disaster preparedness kits and this terrific video explains why Zap-A-Gap is "mission essential gear" for you to have in your Go Bag or even as an addition to your first aid kit ... Great idea!!! Thanks for the shout-out Opsgear(R).

Lego Storage Transforms into

Wall Art!!

We love this awesome lego storage idea we saw on [Pinterest!!](#)

Clever mom blogger, Kirsty Colquhoun, author of [365 Days of Pinterest Creations](#) blog, tells us she originally got the wall art idea from Felix on [Mi Muller](#), but Kirsty takes the next big step and shows us how to make them!
