Super Glue Corporation News: June 2011

Happy Father's Day!

Super Glue Corporation would like to wish a very happy Father's Day to all the dads out there!

Assemblage Art

We learn so many things from our customers. Assemblage Artist, Ashley Jones, wrote in to tell us about how she uses [super glue](#) products:

"I use Super Glue to create and hold together fun, original, and unique assemblage art pieces. I use 100's of tubes of [The Original Super Glue\(R\)](#) to hold together my assemblage pieces."

In This Issue:

- Happy Father's Day!
- Assemblage Art
- 3D Rapid Prototyping and Super Glue
- Zap Adhesives Sponsors Top Gun RC Airshow
- Allandale Mansion Dr. Harry Coover Memorial

3D Rapid Prototyping and Super Glue

Do It Yourselfers are using 3D Rapid Prototyping to create all kinds of unique models of their own design. The toy model shown here was created from scratch using a 3D printer. Specific instructions can be found in the Popular Mechanics article, "How to fabricate a Toy Model from Scratch" by Sean Charlesworth.

Zap Adhesives Sponsors Top Gun RC Airshow

Pacer Technology's [ZAP adhesives](#) proudly sponsors the exclusive, invitation only, Top Gun Airshow held annually in Lakeland, Florida. This year's 23rd annual invitation only scale competition for RC aircraft lured the best of the best pilots, designers and builders of R/C aircraft. Check out this [slideshow video](#) of the event.

Allandale Mansion Dr. Harry Coover Memorial

Dr. Harry Coover, inventor of super glue, passed away earlier this year. A memorial service was held for Dr. Coover on May 14th at Allandale Mansion, in Kingsport, Tennessee, and was followed by a groundbreaking ceremony for a new performing arts amphitheater (plans shown here).
