The Goods On Sports Adhesives

Sports Adhesives and the Sports Enthusiast

Participants from every sports discipline demand a great deal from their equipment, particularly if they've paid for the high-end stuff. So, when a big brand puts its name on a product and sponsors a high profile professional athlete to endorse it, sports fans buy into the hype and trust that they're getting quality goods.

Even the highest paid NBA player relies on a pair of shoes that will protect his feet from the hardwood — while not coming unglued.

Building Radio-Controlled Airplanes with Quality Adhesives

Building a RC (radio controlled) model aircraft from scratch takes dedication, patience and attention to every single detail. There are no shortcuts to get to the final product and there shouldn't be. Similarly, none should be taken with the all-important adhesive that binds it all together.

Whether you are starting out with an ARF (almost ready to fly) RC airplane or you have ventured into balsa and plywood aircraft, one thing is certain, your plane needs to be able to handle the stress and pressure of flying. Just as you would need to keep your measurements down to a tee, your choice of glue can make or break the delicate balance of the aircraft. Aerodynamics is a tricky beast and every aspect of your airplane must be just right in order to fly at an optimum level. [\[Read The Full Article Here\]](#)

Scrapbook Adhesives Add Creative Pop

Scrapbook Adhesives | Front Porch Treasures

Front Porch Treasures puts a super fun twist on scrapbook adhesives, especially if you're into scrapbooking. And these days, who doesn't enjoy a little scrapbooking?

Scrapbooking became a huge hit between 2001 and 2004, with over \$2.5 billion in sales and 1,600 companies creating scrapbooking products for a growing number of hobbyists (or "scrappers") who created their own social network to share their creative ideas.

Medical-Grade Super Glue Enables Girl to Walk Pain-Free

Super Glue has many incredible everyday uses but an article published in March highlights one of the life changing uses Super Glue can have in people's lives. Medical-Grade Super Glue was used to help Madison Fairchild walk without pain for the first time in years.
