Super Glue Corporation News: March 2010

Solving Consumers' Sticky Problems Is Our Biz

Super Glue Corporation recently launched new in-store signage to help customers choose the right glue – fast. With a history of consistently being at the forefront, in the lab, with technically advanced instant adhesives along with a wide range of epoxies, contact cements, sealants, anaerobics, white glues, etc., Super Glue Corporation is now going the extra mile to offer a cutting edge solution for consumers at the point of purchase.

2010 Winter Olympics Musings

What would this month have been without the Winter Olympics to watch on tv each evening? All of the gifted, committed athletes gathering together, in Vancouver, from around the globe, hoping to achieve their personal best and maybe even bring home a medal! Each event is exciting and each personal story so inspiring. All of the daily effort, hard work, drive and support it takes to reach this pinnacle of excellence is truly motivational. The side story to all of this is what impacts everyone who watches even just one of the events or hears just one of the personal stories. Events like the Olympics remind us that passion and focus are critical to success!

Magnets Make Super Glue A Temporary Solution

As many people know, or find out, super glue is an awesome problem solver, but it involves good news and bad news. Good news = it's a pretty permanent solution, and sometimes, bad news = it's a pretty permanent solution. We recently came across a great, creative blog post by Id where he combined magnets and super glue to design a temporary, permanent fix for adding extra USB ports to his desktop PC while enabling the ports to also be easily transferred to his laptop as well.

Accutool + Tea Bag = Fingernail Fix

Weather, water, health and lots of other issues can cause fingernails to be brittle and crack or tear. Super Glue Corporation's own Susie M. recently had a nail tear stretching horizontally across her nail. She remembered reading about a quick fingernail fix in Real Simple magazine a few years back so she decided to give it a try. The result was terrific!
