Fly-Tying Tip

[Photo Credit: [Winona Fly Factory](#)]

What do Zap Glues have to do with fly fishing?

Apparently [Zap Glues](#) can be combined with wire fly tying to create some pretty authentic looking midge larva.

Enticing trout on streams is not only a sport, but a science and an art. The [Winona Fly Fishing blog](#) has terrific tips incorporating all three of these aspects of fly fishing. We particularly like this one featuring [Zap A Gap CA](#).

Glassy Girl's Weekend Party Favors ..

[Photo Credit: SJH]

Nowadays, we are always hearing about fun, getaway weekends busy moms are taking to relax and rejuvenate with friends while hardworking dads take a break and bond (two words we love! :)) with the kids at home. Recently, Sheli and some of her favorite “mom” friends did just that – took off for a weekend together in Palm Desert.
