Z-Poxy Gets Top Notch Rating From Customer

Much Love for Z-Poxy Finishing Resin

Our customers tend to come up with some pretty creative uses for our adhesive products. We especially love it when they take the time to send us their stories and photos.

Reg D. recently purchased our Z-Poxy Finishing Resin and wrote to tell us that he uses it to build musical instruments.

How to Make Scrabble Tile Drink Coasters

If you have ever used the Original Super Glue, you know it dries quickly and firmly once it has cured, making it a very popular adhesive for all sorts of crafts and DIY projects.

This 'Scrabble' tile drink coaster set is one of our favorite craft projects because it simply demonstrates how fast and easy it is to work with Super Glue.

Not only are these drink coasters fun to make, but they also make great gifts. As decorative accent pieces, this Scrabble tile coaster set will really add character to your game room or your coffee table. [\[Read The Full Article Here\]](#)

DIY Fridge Magnets with Fix-All Adhesive

Fix-All Adhesive is a great all purpose glue that you can use on most at-home DIY projects. This Animal Fridge Magnet project is a great example of an inexpensive and super easy DIY home project that you can do alone or with kids.

These cute little critters can be used to mark chore charts, hold up grocery lists, or simply used to decorate a metal surface. No matter where you choose to place your animal magnets, you're sure to have a blast making them.
