## Super Glue Corp Treats Team To Adventure & New Products!!

Recently, [Super Glue Corporation](#) treated its whole team to a picnic, and fun-filled adventure day, at [Knott's Berry Farm](#)! It was a great way to get together, with families as a “family”, and celebrate another successful year ... We know it takes a lot of time, effort and hard work to deliver outstanding products and exceptional service to all of our customers around the world, sometimes with long hours sacrificing time away from our families ... and we guarantee that no one sticks together :) – get it?- better than all of us at Super Glue Corporation ... but we also like to have Big Fun along the way!
