Keeping it Together: Bondini and Workshops

While there's certainly a stereotype that a workshop is usually for woodworking, there are as many different types of workshops as there are different types of hobbyists and do-it-yourselfers. There is, however, one constant: Bondini adhesives. These adhesives are great for every type of workshop.

5 Strength Defying Uses for Super Glue

While super glue can be a great tool to use around the house for those DIY projects, most people don't know just how strong this adhesive really is. In fact, time and time again, super glue has been proven to be one of the strongest available bonding agents on the market.

Here's a look at five ways super glue has been used that proves just how strong a bonding agent it truly is.
